WARM WELCOME IS GIVEN GENERALS BY LEGION CONVENTION

Greet General Jacques With a Whoop as He Delivers His Address in English—Memorial Services for Commander Galbraith—Home Folks Are Also Heard During Day

BULLETIN
CONVENTION HALL, KANSAS CITY, Mo., Oct. 31.—The American Legion just before the close of the first day of the convention selected New Orleans as the 1922 convention city.

KANSAS CITY, Mo., Oct. 31.—Receipt of messages of felicitation from abroad and at home, a memorial service in honor of the late Frederick W. Galbraith of Cincinnati, national commander, and the usual organization routine preliminary to getting down to work consumed the opening session today of the American Legion's national convention. Adjournment was taken late in the day and the delegates marched to the station to meet Marshal Foch of France and General John J. Pershing.

From Italy and Belgium came word of faith in America and in the Legion. President Harding sent a message that nothing was closer to his heart than the welfare of the former service men. The American Federation of Labor announced in emphatic terms that it stands behind the Legion's campaign against radicals and that it will never tolerate the introduction into this country of sovietism or Bolshevism in any form. Many military organizations, including the United Confederate Veterans and Grand Army of the Republic, sent greetings while good wishes came from Marshal Foch and General Pershing.

FOCH ACCORDED GREAT WELCOME AT KANSAS CITY

French Hero and Gen. Pershing Arrived Last Night

(By The Associated Press)
KANSAS CITY, Mo., Oct. 31.—Marshal Foch, soldier of the allies, accompanied by General John J. Pershing, arrived here this evening to meet with representatives of the international convention of the American Legion. Completing a trip from overseas to bring a greeting of good will from the republic of France to the legionnaires, the marshal was received by the legion and the city with the most tumultuous welcome ever accorded any visitor here.

It was after dark when Marshal Foch and General Pershing reached Kansas City. The marshal smiling broadly, nodding right and left, in friendly informal fashion, passed through the sea of men and women, in the station who were held back of veterans in olive drab, reinforced by policemen.

Perhaps a small proportion of the crowd saw Foch but certainly Foch heard the crowd for they cheered and roared their approval and then up their hats, pounded one another on the back, and behaved altogether as if they were rooters at a college football game.

Speaking of his first brief glimpse of Kansas City, Marshal Foch said tonight: "I am told that New York and Washington make up the head of the United States; that may be so, but from the welcome you gave me tonight I should be inclined to think Kansas City is its very heart, and a most warm and cordial one."

TWO ARE DEAD FROM ASPHYXIATION

PEORIA, Ill., Oct. 31.—George Lowrey, 29, and Hazel Burhans, 27, were tonight found dead in bed in their home here. They are believed by the police to have been married and divorced. All openings of the house were closed and two gas jets were turned on indicating a double suicide. Lowrey was a grain sampler at the local board of trade. The bodies were found by John Bailey a watchman in the local railroad yards who had been staying at the Lowrey home. Nothing was found that might lead to cause for the tragedy.

INJUNCTION IS ISSUED AGAINST CHECKOFF SYSTEM

Court Makes it Plain He Believes Conspiracy Exists

(By The Associated Press)
INDIANAPOLIS, Ind., Oct. 31.—Collection of funds of the United Mine Workers of America thru the checkoff system by which union membership dues are deducted from miners' wages by operators thruout the country was enjoined today by Federal Judge A. B. Anderson. Further his order enjoined all union officials and members from seeking "by any and all means" to unenforce the Williamson coal field in West Virginia where violence has marked the strike that began more than a year ago.

The order is a temporary one but is effective until changed by court. Vain effort was made in counter by counsel for the union to forestall the decree placing a ban on the checkoff and the officers with held comment on the court order it was said unofficially to be a staggering blow at the union.

Counsel for operators in the hearing preceding the order had said that a strike might follow the levying of a ban on the "checkoff."

After issuance of the order, reports from Knox county, one big Indiana producing center said that 3,000 miners planned mass meetings to determine their stand. The order itself indicated the possibility of many contracts between operators and miners being broken by the ban on the "checkoff."

Joyful News for U. S. Steel
The only comment on the order from the miners' side was a statement by Ellis Sevier, editor of the official publication of the union who asserted the injunction was certainly joyful news for the United States steel corporation, which he added was reputed to be the largest coal land owner in the strike zone.

In giving his opinion Judge Anderson made it plain that he believed a conspiracy in violation of the Sherman anti-trust law had been shown at the hearing for the temporary injunction in the suit of the Borderland coal corporation acting on behalf of three core other West Virginia operators.

This conspiracy the court said existed between the union miners and operators in the central competitive field, comprising Illinois, Indiana, Ohio and Western Pennsylvania and the closed shop operators of other states were as involved because of the "checkoff." He added that the trouble in West Virginia was due to an attempt to bring the only competitive field into the combination.

"How does this strike the man in the street," he asked. "Here is an organization with enormous funds, all of which are collected by the operators thru the checkoff. The poor old consumer, without a friend in the world, is milked constantly by these operators and miners. I am going to stop this checkoff now. These operators know now that they are furnishing the sinews of war for that struggle in West Virginia."

WILL MAKE ANSWER TODAY

HOUSTON, Texas, Oct. 31.—Officers of the International & Great Northern Railroad late today agreed to answer Tuesday the proposal made by brotherhood officials for a settlement of the railmen's strike. The proposals of the brotherhood leaders embrace reinstatement of all strikers without injury to their seniority rights and consideration of the strike as having been part of the national program of the brotherhoods.

Proclamation Issued By President Harding

(By The Associated Press)
WASHINGTON, Oct. 31.—President Harding issued a proclamation tonight designating Thursday, November 24, as a day of Thanksgiving, devotion and prayer and urging the people to give thanks "for all that has been rendered unto them," and to pray "for a continuance of the divine fortune which has been showered so generously upon this nation."

The proclamation follows: "A PROCLAMATION
That season has come when, alike in pursuance of a devout people's time-honored custom and in grateful recognition of favoring national fortunes it is proper that the president should summon the nation to a day of devotion of thanksgiving for blessings bestowed and of prayer for guidance in modes of life, that may deserve continuance of divine favor."

"Foremost among our blessings is the return of peace, and the approach to normal ways again. The year has brought us again into relations of amity with all nations, after a long period of struggle and turbulence. In thankfulness therefore, we may well unite in the hope that providence will vouchsafe approval to the things we have done, the aims which have guided us, the aspirations which have inspired us. We shall be prospered as we shall deserve prosperity, seeking not alone for the material things but for those of the spirit as well; earnestly trying to help others asking, before all else, the privilege of service as we render thanks anew for the exaltation which came to us we may fitting petition that moderation and wisdom shall be granted to rest upon all vice raids for two days, and that they must discharge their tasks they must be steady, their purposes strengthened in answer to our prayers."

"Ours has been a favored nation in the bounty which God has bestowed on it. The great trial of humanity, though we bore our part as well as we were able, left us comparatively little scarred. It is for us to recognize that we have been thus favored and when we gather at our altars to offer up thanks, we will do well to pledge in humility and all sincerity our purpose to prove deserving. We have been raised up and preserved in national power and consequence, as part of a plan whose wisdom we cannot question. Thus believing, we can do no less than hold our nation the willing instrument of the providence which has so wonderfully favored us. Opportunity for very great service if we shall prove equal to it."

"Now therefore, I, Warren G. Harding, president of the United States, hereby designate Thursday, the twenty-fourth day of November, to be observed by the people as a day of thanksgiving, devotion and prayer, urging that at their hearthstones and their altars they will give thanks for all that has been rendered unto them, and will pray for a continuance of the divine fortune which has been showered so generously upon this nation."

"In witness, whereof, I have hereunto set my hand and caused to be affixed, the seal of the United States of America.
Done at capital of the United States this thirty-first day of October, in the year of our Lord, nineteen hundred and twenty-one and of the independence of the United States, the one hundred and forty-sixth."
Signed, Warren G. Harding.
By the president: Charles E. Hughes, Secretary of State."

STATE'S ATTORNEY ATTACKS CHICAGO POLICE DEPARTMENT

Statement Brings Hot Reply From Chief Fitzmorris

(By The Associated Press)
CHICAGO, Oct. 31.—Chicago's police department, the subject of many shakeups during the past few months, and said recently by Chief of Police Fitzmorris, to be fifty per cent bootleggers tonight was in another turmoil as the result of an attack by Robert E. Crowe, state's attorney. Mr. Crowe, after conducting a series of vice raids for two days, announced that he "expected to go farther and investigate the police department itself."

A statement by the state's attorney charged that the police department had made Chicago the "rottenest city in the country" by giving protection to organized vice, that his investigators would clean up the city "despite the opposition of Chief Fitzmorris" and that unless there was an immediate change for the better he would investigate the department itself.

The charges brought a prompt reply from the chief that the conditions described by Mr. Crowe did not exist that the police force could stand investigation better than the state's attorney's office, and that what vice there was in Chicago existed primarily through "failure of the state's attorney to properly prosecute cases."

The fight between the two officials caused numerous rumors that Mr. Crowe had broken with Mayor Thompson's political faction. Chief Fitzmorris is an appointee and former secretary of the mayor's, while Mr. Crowe was backed by the mayor personally in his election campaign.

LONG TIME TO INSTITUTE SUITS

Washington, Oct. 31.—Prosecutions against persons charged with defrauding the government could be initiated at any time within six years after the alleged offenses came to the knowledge of federal authorities under a bill passed today by the house and sent to the senate. Under existing law indictments growing out of frauds against the government have to be returned within three years.

EXONFRATES WOMAN WHO KILLED WIFE BEATER
Chicago, Oct. 31.—It took a coroner's jury less than five minutes for a verdict of justifiable homicide in the case of Mrs. Mary Dillon who yesterday shot to death her brother-in-law, James Beasant, while Beasant was beating his wife, Mrs. Dillon's sister.

DISARMAMENT PROBLEMS ARE BEING STUDIED

American Delegates Confer With Naval Experts

(By The Associated Press)
WASHINGTON, Oct. 31.—Problems of reducing naval armament were studied for another four hours today by the American delegates to the armament conference and the naval experts designated as their technical advisers. Details of the discussions were held in closest confidence, but it was indicated that the delegates were already ready to pass from the informative stage of their deliberations and begin the framing of a definite policy to be applied to the concrete naval questions that are to come before them during the conference. Further meetings will be held tomorrow and Wednesday.

Secretary Denby and Assistant Secretary Roosevelt of the naval department, Admiral Kootz, the chief of naval operations and Captain Pratt, sat with the delegation thruout its session and are understood to have continued their exposition of the status of naval armaments, and of naval building programs. It was their third meeting with the delegates since study of the naval armaments question began.

Meantime in the senate chamber a Democratic conception of the possibilities of the armament conference was presented by Senator Swanson of Virginia. In an address touching many features of the situation Senator Swanson expressed hope that the conference would succeed and counseled that the principle of the freedom of the seas and the open door for China be scrupulously preserved by the American delegates.

Under a presidential order, the four members of the delegation of this government will sit in the conference with the rank of ambassadors. This designation, announced today from the state department was said to have been made merely as a matter of formality, so that the American representatives could technically deal with those of the other powers on a basis of equality. It does not require senate confirmation nor carry with it ambassadorial pay.

GOVERNMENT TO PROCEED WITH NEGOTIATIONS

House of Commons Votes Down Motion for Censure

(By The Associated Press)
LONDON, Oct. 31.—The government obtained its expected mandate from the house of commons tonight to proceed with the Irish negotiations. The Unionist motion censuring the government for initiating the Irish negotiations was voted down 439 to 42.

The premier also achieved another of his oratorical victories before an expectant audience. So far as the movement of protest was designed to draw information as to the proceedings of the conference, it failed; the premier gave no information as to what has been decided, or is being discussed regarding Mr. De Valera's claim to independence, and the rumored attempts to arrange concessions from Ulster for a united Ireland. These remain in the realm of speculation.

One piece of information the premier did give, it was said that unless something happens within a few days, presumably in the conference to solve the unsettled status of Ireland's two governments, steps would be taken to give the Ulster parliament the powers necessary to make it a real government.

George declared that the time to question the negotiations was when he first proposed them to the Sinn Fein by public correspondence last July.

Holds Prospect of War

Most of his speech was devoted to holding before the commons, the prospect of a renewal of guerrilla warfare, if the conference broke down. He declared the first thing the government would have to do would be to ask the house to strengthen the crown forces, but pointed out the cost of renewed warfare and reluctance of the country to incur greater taxation and ask more young men to risk their lives. He asserted the government's resolve to refuse concessions which would weaken the empire, but to explore all paths to an honorable peace, and emphasized the fact that any agreement must be ratified by parliament.

Former Premier Asquith supported the government, but deprecated the suggestion that renewal of the war was the only alternative if the conference failed.

This point of view finds adherence among a section of the Irish experts, who believe that a breakdown of the conference might be followed by a continuance of the truce, pending further efforts of diplomacy. The comment of one veteran parliamentarian was that Mr. Lloyd George's talk of further war was not intended as a warning to the Sinn Fein but to parliament not to harass those engaged in the negotiations.

PROMISES TO GIVE RELIEF TO ULSTER

(By The Associated Press)
LONDON, Oct. 31.—Dealing with the complaint of Captain Charles Craig, leader of the Ulster Unionists, in the house, that necessary powers had not been conferred on the government of Ireland, act provided that these powers should be conferred on the two parliaments simultaneously. If the southern parliament did not come into existence he declared something in the nature of a crown colony would be set up, then powers would be conferred simultaneously upon that and the Ulster government.

The negotiations had intervened and the government thought it inadvisable to set up a crown colony until it was known how the negotiations would end. He was sure this was paralyzing the activities of the Ulster government and the present condition was intolerable. He then gave to Captain Craig, his pledge that unless something happened one way or another in the next few days the government would put the position right.

CHILD NEAR DEATH FROM TALCUM POWDER

Macomb, Ill., Oct. 31.—Seven months old Helen Brown was saved from death by suffocation after she had spilled the contents of a talcum powder can over her face, when the baby's mother discovered its plight last night. The child's face was blue when discovered and physicians said death would have ensued in a few minutes if the discovery had not been made.

NEW HERO OF WORLD WAR DISCOVERED BY GENERAL PERSHING

Sergeant Woodfill Gave Unusual Display of Heroism—Silenced Three Machine Guns, Killed Nineteen of Enemy and Captured Three—Will Represent Infantry Branch

(By The Associated Press)
WASHINGTON, Oct. 31.—Examination of war records by General Pershing, has resulted in the designation of Sergeant Samuel Woodfill as the American infantryman who thru heroism in the world war, is most entitled to represent the infantry branch of the army at the Armistice Day ceremonies for America's unknown soldier.

Sergeant Woodfill, whose home is given in army records as Bellevue, Ind., but who now is stationed at Fort Thomas, Ky., arrived in Washington today in response to orders from the war department and on being received by Secretary Weeks was informed his act of heroism was regarded by his former commander as "outstanding" among the exploits of all the infantry officers and men who saw service in France.

The act of Sergeant Woodfill which caused General Pershing to place him—a virtually unknown hero—with Sergeant Alvin C. York, of the Tennessee Mountains and Major Charles S. Whittlesey of the "Lost Battalion," occurred Oct. 12, 1918, during the Meuse-Argonne offensive, when he, as a lieutenant, silenced three machine guns, killing nineteen of the enemy, including one officer and capturing three others.

The story of Sergeant Woodfill's exploit was said by army officers to be told most concisely in the citation which accompanied the award to him of the congressional medal of honor. This citation read:

"For conspicuous gallantry and intrepidity above and beyond the call of duty in action with the enemy at Conel, France, October 12, 1918. While he was leading his company against the enemy his line came under heavy machine gun fire, which threatened to hold up the advance. Followed by two soldiers at twenty-five yards, this officer went ahead of his first line, toward a machine gun nest and worked his way around its flank, leaving two soldiers in front.

"When he got within ten yards of the gun, it ceased firing and four of the enemy appeared, three of whom were shot by Lieutenant Woodfill. The fourth, an officer rushed at Lieutenant Woodfill, who attempted to club the officer with his rifle. After a hand-to-hand struggle, Lieutenant Woodfill killed the officer with his pistol. His company thereupon continued to advance until shortly afterwards another machine gun nest was encountered.

"Calling on his men to follow Lieutenant Woodfill rushed ahead of his line in the face of heavy fire from the nest and when several of the enemy appeared above the nest he shot them, capturing three other members of the crew and silencing the gun. A few minutes later this officer, for the third time, demonstrated conspicuous daring by charging another machine gun position, killing five men in one machine gun pit, with his rifle. He then drew his revolver and started to jump into the pit when two other gunners only a few yards away, turned their guns on him.

"Failing to kill them with his revolver, he grabbed a pick lying nearby and killed both of them. Inspired by the exceptional courage displayed by this officer, his men pressed on to their objective under severe shell and machine gun fire."

For this act of heroism, Woodfill was promoted to a captaincy and in addition to the congressional medal, was awarded the legion of honor (cavalier) and the croix de guerre (with palm) by France, and the order of Prince Danilo I. (fifth class) by Montenegro.

WILL EXCEED ESTIMATED VOTE

Farro, N. D., Oct. 31.—(By The Associated Press.)—Indications tonight were that the majority of R. A. Nestos, independent gubernatorial candidate in Friday's recall election, set at around 4,000 would be exceeded by those attained by the independent candidates for attorney and agriculture commissioner.

SOLDIERS' BONUS BILL SETS BACK TAX LEGISLATION

Debate on Reed Proposal Grows Acrimonious

(By The Associated Press)
WASHINGTON, Oct. 31.—Renewal of the fight in the senate for the passage of the soldiers' bonus bill resulted in a further setback today for the tax revision measure. Republican leaders forced a night session, but with the bonus issue still undisposed of, there appeared to be doubt whether the land bill could be brought to a vote before Saturday if then.

There was a four-hour discussion today of the Reed amendment promising to continue the excess profits tax and to seize the proceeds to defray the costs of the five-way adjusted compensation plan.

This was followed by the introduction of an amendment by Senators Simmons of North Carolina and Walsh, of Massachusetts, democratic members on the finance committee proposing payment of the bonus out of the interest on the nation's foreign debt.

The latter amendment will not be formally moved for adoption in the senate, its author announced until action had been taken on the Reed amendment. Meantime Senator Reed is delaying formal presentation of his amendment until there has been full discussion of the whole question.

Lay Reed Proposal on Table
Senator Penrose of Pennsylvania, in charge of the tax bill, said today it was the plan of the majority to move to lay the Reed proposal on the table on the ground that the soldiers' bonus has no place in a tax measure.

Majority leaders had not decided, however, what would be done with respect to the Simmons-Walsh amendment which the authors declared would "make the issue clearly one of bonus or no bonus without raising the question of the condition of the public treasury which has been the chief argument presented by opponents of the bonus plan."

The Anti-Horse Thief associa-
tion is offering a reward for the
arrest of the persons who stole

item is significant only as it
makes clear the enlarged scope of
the work of the A. H. T. A. The
time was when the organization
confined itself to seeking out those
guilty of horse stealing. Now that
it is changed and the organization is
leading itself in an effective way
to the protection of all the prop-
erty of its members.

existence.

A RECORD
OF ACHIEVEMENT.

Jacksonville people have reason
for pride in the record and
achievements of Col. Edward
Capps of Princeton University,
who is now making a brief visit
with relatives here. Colonel
Capps has for more than 25 years
devoted himself largely to a
study of Greece and today he
knows the nation, its history, its
people as possibly no other Ameri-
can does.

The local people who yesterday
heard Colonel Capps present some
facts about Greece secured new
light upon various complex ques-
tions in the Near East. They were
interested in his lucid explanation
of the difficult situation and
could not but be charmed with his
own modesty and simplicity of at-
titude. Colonel Capps, who
speaks with the ease of the ex-
perienced scholar and man of af-

fairs, in his public address and
personal conversation has the
manner of one who believes it is
a very casual thing for a man to
represent his government at a
court in Europe during one of the
most difficult periods in history.

Vigorous speeches are being
delivered in the senate of Chile
urging the withdrawal of that
country from the league of na-
tions. The league has been used
as a means for re-opening old dis-
putes between Chile, Peru, and
Bolivia, which had been settled
by treaties. Bolivia has sought
a review of those treaties by the
league, thus paving the way for
further disputes with her neigh-
boring state. Chile sees nothing
in the league but an aggravation
to war. Her statesmen regret
that she did not have the for-
sight of the United States in de-
manding adequate protection to
her sovereignty when she became
a member, but they now seek to
retrieve their mistake by prompt
withdrawal.

ANOTHER
STRIKE RUMOR.

Now comes the story that the
injunction issued by Judge Ander-
son against miners and operators
in its relationship to the "check
off" system may result in a
strike. The check off system is the
plan whereby mine operators de-
duct from the pay the amounts of
their dues to the union, and pay
this amount over to the union of-
ficials. This system has long been
in effect and the claim has been
freely made that any order chang-
ing it would be counted as an at-
tack upon the union and that a
strike would be certain.

It remains to be seen whether
this action will take place. Per-
haps minor leaders after a review
of the situation and with the
knowledge that even now many
of the miners are working only
half time, will determine that
this is not the opportune time for
the use of the strike protest.

WOOD'S JOB.

There is work for General
Wood to do as governor of the
Philippines. Recently the Ameri-
can chamber of commerce in Ma-
nila, P. I., cabled to its repre-
sentative at Washington to "give
publicity to the fact that further
American investment in the Phil-

ippines is unadvisable until the
political status of the islands is
fixed as a territory of the United
States."

Following this a New York
concern deprecated the authoriza-
tion of propaganda in the United
States against American invest-
ment of capital in the Philip-
pines, and in justification of its
attitude the American chamber
cabled from Manila: "Business
protection is possible only in the
large business centers, Manila,
Cebu, Iloilo, Zamboanga. The
provinces no longer are available
for American investments or busi-
ness operation, owing to lack of
protection from political antagoni-
sm to American interests gener-
ated during the Harrison adminis-
tration, which cause territorial
government would eradicate."

The Harrison referred to is
Francis Burton Harrison, appoint-
ed governor of the Philippines,
by the preceding administration,
and who appears to have made
a bad mess of things. That mar-
velous patience and sound judg-
ment which Wood possesses will
be taxed to the utmost to restore
anything like cordial relation-
ships between Americans who
have been engaged in legitimate
enterprises in the Philippines and
the natives of those islands.

FIRE DEPARTMENT

MADE FEW RUNS

The Jacksonville Fire Depart-

eight runs and of these two only
were large. The most serious
was the McNamara and Henegan

and the other was the fire across

with several hundred dollars
worth of damage.

FROM A DIPLOMAT'S
VIEWPOINT

Col. Edward Capps told a group
of Jacksonville friends last night
some facts from the diary of a
diplomat. Colonel Capps, who
left his work as professor of
Greek at Princeton university to
accept the post of United States
minister to Athens, was pleased
to base his remarks upon the
theme: "How a diplomat is made
overnight." Then followed an ex-
ceedingly informing presentation
of details relative to the official
life of a minister.

A part of Colonel Capps' duties
had reference to trade matters
and others to delicate diplomatic
relations. He sketched rapidly
his journey to London, thence to
Paris and then to Athens, after
an unsuccessful attempt to visit
Rome.

The facts were given concern-
ing the death of King Alexander
and the various events which pre-
ceded the return of King Constantine.
It was following the election
in which the Liberals lost by a
narrow margin that the king
returned to the throne. Colonel
Capps explained the somewhat
surprising fact that there are
many liberal-minded Greeks
whose sympathies were with the
coalition party. Following the
defeat of Mr. Venizelos and his
friends, many of these able men
who had been in exile, voluntary
or otherwise, came back and had
their part in public life.

Referring to the hold that Con-
stantine had upon the affections
of the people, Colonel Capps said
that he became very popular in
1912 and 1913, when he was the
leader of the army in the war
which resulted in the annexation
of Macedonia.

In the view of Colonel Capps
the situation which resulted in
the defeat of the Venizelos party
was quite largely due to diplo-
matic bungling on the part of
the allies. Mr. Venizelos was
described as a high-minded pa-
triot of great ability. He deter-
mined not to remain in the coun-
try and serve as the leader of the
minority party in parliament be-
cause of his belief that his pres-
ence would serve as something
of an irritant and might result
in mob violence of the type that
occasionally takes place in Greece.

After discussing quite fully
some of the intricate problems
related to governmental affairs
of Greece, Colonel Capps gave his
auditors some glimpses of the
social life of an American minis-
ter.

These facts were sketched in
a way which gave a very intimate
touch to the narrative. Earlier
in the address Colonel Capps men-
tioned the little-known fact
that Greece is the only one of
the nations that has paid to the
United States semi-annually the
interest upon her loan. The
speaker said that in all the debate
in congress and the heckling of
Mr. Mellon that he had never
once seen this interesting fact re-
ferred to.

with the season. A brief pro-
gram was carried out and after-
ward the young people played
games, and altogether it was a
very pleasant occasion.

GREECE IS WORLD'S
HOPE IN NEAR EAST

Col. Edward Capps Gives Inter-
esting Facts About Complicated
Conditions.

Colonel Edward Capps, profes-
sor of Greek at Princeton univer-
sity, and formerly U. S. minister
to Greece, made an address at the
chapel exercises at Illinois col-
lege yesterday morning. The
speaker, who is thoroughly versed in
all affairs relating to the litera-
ture, life and politics of Greece,
declared that the hope of civili-
zation in the Near East rests with
Greece, and that the world's best
hope for solving the complex sit-
uation there rests with that na-
tion.

Col. Capps was introduced
briefly by his brother-in-law, Dr.
Charles H. Rammelskamp, presi-
dent of the college. The usual
chapel exercises, together with a
brief prayer by Dr. Thomas W.
Smith, an Illinois college class-
mate of Col. Capps preceded the
address.

Dr. Capps had for his theme,
"Greece and the Near East" and
stated in beginning that it was
very difficult to even attempt to
discuss such a question in the
comparatively brief time allotted
to him. He said in part:

Situation Is Complicated.
"The situation in Greece and
the Near East is as complicated as
any that presents itself in the
world, not excepting that of Rus-
sia. The war which is in pro-
gress now between Greece and a
part of the Turks has continued
since 1912. Remembering what
war for two years meant to this
country, think what it must mean
to Greece with a continuous war
period of nine years, and every
man of the nation from the age of
18 to 45 engaged in that war."

"The pay of a Greek soldier
amounts to 6c a day and there
is no allowance or compensation
for dependents. The whole man-
hood of Greece is engaged in that
war as a matter of choice, so that
you can understand that this is a
national movement of no small
consequence."

"I do not think that because
Mr. Venizelos is now in private
life that it is right to say that
democracy has broken down or
that Venizelos or his ideals have
been discarded. On the contrary,
as an idealist he outran the views
of the people, somewhat in the
same way that Mr. Wilson did. So
with passing years when history
is written both men will
stand out in their right and im-
portant relationships."

Army Ruled Around Venizelos

"In 1919 the British and
French armies were being dis-
banded. The allies asked that a
Greek army be placed at Saloniki,
to be used against the Bulgarians
and Austrians. The Greek
army was one that rallied around
Venizelos, coming to the standard
of rebellion against the old order
and to aid the allies. Two hun-
dred thousand Greeks responded to
that call, nearly the whole normal
fighting force of the nation."

"When the soldiers of the allied
armies returned to their home the
allies asked that half of the
Greek army be sent into Russia.
The purpose was that these Greek
soldiers should occupy Asia Minor
and enforce the terms of the armis-
tice as to Turkish and Bulgarian
territory. Venizelos was asked to
perform this service and to name
a governor general to be estab-
lished at Smyrna. So the Greeks
constituted an army of the allies,
not for conquest."

"That was the situation until
August, 1920. It was the purpose
to establish a sovereignty of
Smyrna for a period of 15 years,
in charge of the Greek representa-
tives."

"Then came the death of King

Alexander and the tragic events
that followed. There is no need
to detail the facts about the elec-
tion, but the result was one
which under all circumstances
could hardly be otherwise. Fol-
lowing this election the powers
strangely—and to my mind, un-
fairly—changed their attitude to-
ward Greece and announced that
in the war then in progress be-
tween the Greeks and Turks that
Great Britain and France would
remain neutral. So a war waged
originally on behalf of the allies
became a defensive war on the
part of the Greeks, simply be-
cause certain acts of the allies
had strengthened their enemies."

"Western Europe should sin-
cerely desire the victory of the
Greeks for they are destined to
play very much the same role
that the Greek nation did in the
fifth century before Christ. It is
the aspiration of the Greek nation
to unify the Greek peoples in that
territory of which the Aegean Sea
is the center. They seek a national
life which gives its freedom of
ideals with opportunity for edu-
cation and travel, public improve-
ments and various conditions that
characterize the governments of
the west."

Not Soldier by Nature.

The Greek is not a soldier by
nature. He is too much of an in-
dividualist and a nation of indi-
vidualists cannot become militari-
stic. There are abundant proofs
that modern Greece has the capac-
ity for civilization. Visit Thes-
saly or Crete or certain parts of
Macedonia and you will find at
first hand that the Greeks believe
in religious tolerance. The Mo-
hammedan, the Jew, the Catholic,
and the orthodox Jew live side by
side in peace and without fanat-
icism."

In certain parts of Greece you
will find too the civilization that
means telegraph lines, road
building, clean streets and town
meetings. Contrast these with the
intolerable conditions of
Turkish towns, where nothing is
known of cleanliness or hygiene
order. Consider these things and
others and then you will have
proof that the Greek race is the
best hope of civilization in the
Near East."

Another suit filed Monday was
that of the Langton Lumber Co.,
vs. William McCurley, the com-
plainant being represented by
Judge H. P. Samuel. The com-
pany alleges damages in the sum
of \$500. The declaration sets
forth that the defendant agreed to
load certain logs for the com-
plainant at Markham and that
Charles Fanning, who was em-
ployed by the defendant, was in-
jured and has made claim against
the lumber company. It is the
contention of the company that
the obligation for this claim rests

WIRELESS KEEPS PREMIER BRIAND WELL INFORMED

Gets Daily Reports of French Domestic Affairs

ON BOARD THE STEAMER LAFAYETTE, Oct. 31.—(By Wireless via Paris to The Associated Press.)—Premier Briand of France on his way to the United States to attend the Washington conference, is constantly kept informed by wireless of French domestic affairs and important world news.

For the next three or four weeks a part of the government of France will be conducted either from the seas or Washington.

Considerable time this morning was occupied by the premier in examining the official messages and consultation with M. Berthelot, secretary of the foreign office to whom he dictated replies embodying decisions on some domestic questions.

In his hour of recreation M. Briand moves freely about the decks and thru the saloons and smoking room taking with members of the delegation, newspaper correspondents and such passengers as may be presented to him. The social life aboard the steamer is much like that of a large yachting party, more than half of the delegation or correspondents attached to the mission.

Madame Viviani, who is accompanying her husband, is the only lady member of the French party.

INVASION OF STATE RIGHTS

SPRINGFIELD, Ill., Oct. 31.—Frank Farrington, president of the Illinois miners, who on October 5 obtained an injunction from Judge Miller of the Franklin county circuit court restraining operators from abolishing the "checkoff" system declared tonight that Judge Anderson's injunction "looks like an invasion of state's rights."

"It's hard to tell how it will work out until we see it in operation," Farrington said. "The checkoff system has been in operation in Illinois for more than a quarter of a century."

"Before the operators collected the union dues it was the custom to have a dues committee at the mouth of the shaft each morning when the miners reported for work. I doubt if the operators want to go back to the old system, which was more effective than gentle. If the checkoff is abolished—I'm not admitting that it will be—the dues committee will go back on the job."

"The action of Anderson brings about a clash of federal and state authority that may have a far-reaching effect before this matter is settled."

CONFESSED TO WRECKING TRAIN

PONTIAC, Mich., Oct. 31.—Henry W. Gates, 59, of Huntington, Ind., held here in connection with the wreck of a Grand Trunk passenger train near LaPeer last Friday night, confessed today, according to railroad detectives that he loosened a rail and caused the accident. The officers quote Gates as saying he ascribed the act to a mental lapse due to a sunstroke suffered some time ago.

Three persons were injured in the wreck.

GENERAL MARCH IS RETIRED AT OWN REQUEST

Receives Letter of Praise From Secretary Weeks

WASHINGTON, Oct. 31.—Major General Peyton C. March, formerly chief of staff, who has been on a leave of absence in Europe since July 1, will, at his own request, be retired tomorrow. The request for retirement was made some time ago after more than 30 years' service. Announcement was made today of the promotion to fill the vacancy thus caused in the grade of major general of Brigadier General Harry C. Hale, now commanding the second brigade of the American forces in Germany, who will be ordered to duty in the United States.

Colonel Joseph C. Castner, assigned to the 80th division or organized reserves at Richmond, Va., has been selected to fill the vacancy caused by the promotion of Brigadier General Hale.

Secretary Weeks made public today a letter praising the services of General March and emphasizing the accomplishment of the general as chief of staff during the war.

"I have had an opportunity to observe your conduct," the letter said, "and I appreciate fully the very important results you have been able to accomplish."

DEMOCRATS DISCUSS PROSPECTS OF WHITE

ST. LOUIS, Oct. 31.—Democratic national committeemen here tonight for the first committee meeting since the disastrous campaign of a year ago, were limiting their discussion almost solely to prospects of Chairman George W. White of Marietta, Ohio, being succeeded by another.

Chairman White today issued a formal statement in which he said he has no idea of submitting his resignation at this time unless all elements of the party can agree upon some one to succeed him.

"There will be an harmonious re-organization of the committee," said John F. Costello, committeeman from the District of Columbia. He would not predict who would be selected to succeed Mr. White.

Neither Senator Carter Glass of Virginia nor Thomas B. Love of Texas, would comment on the re-organization move. Asked if it were true that the opposition to Mr. White controlled three-fourths of the voting strength of the committee, Senator Glass would make no direct statement. He would not anticipate developments, asserting it best to wait for those in the meeting tomorrow adding:

"I have understood that Mr. White would resign."

Supporters of Chairman White say the Virginia senator has a "whole pocketful of proxies." They declared they have no idea of the strength of the opposition.

Whether Chairman White's supporters would agree to Daniel C. Roper, former internal revenue commissioner and the incumbent's successor had not been definitely indicated.

BURCH GOES ON TRIAL TODAY

LOS ANGELES, Calif., Oct. 31.—Arthur C. Burch of Evanston, Ill., will face trial here tomorrow morning on a charge of murdering J. Belmont Kennedy, Los Angeles broker, on August 5th, in Beverly Glen, a suburban district. Burch was indicted jointly with Mrs. Madalynne Obenchain of Chicago, who was with Kennedy at the time he was shot to death.

Mrs. Obenchain is the divorced wife of Ralph Obenchain, an attorney of Chicago. She came here to visit Kennedy with whom she has declared since her arrest she was in love. Burch, a college companion of Mrs. Obenchain, came to California at her request a short time before the death of Kennedy.

Evidence was submitted to the grand jury which, according to Woolwine indicated a conspiracy between Burch and Mrs. Obenchain that culminated in the shooting of Kennedy.

The Rev. W. A. Burch of Evanston, Ill., arrived here today in order to be present during the trial of his son.

LARGE SUBSCRIPTION TO TREASURY CERTIFICATES

WASHINGTON, Oct. 31.—More than \$600,000,000 has been received in subscriptions for the treasury's recent offering of 41 per cent and 42 per cent certificates of indebtedness of which a total of about \$200,000 was offered according to preliminary reports officials said tonight.

The heavy subscription to these certificates bearing a less than five per cent interest for the first time in about a year and a half was taken by officials to indicate a considerable easing in the money market and a change in conditions warranting the expectation of improvement.

Decline in interest rates generally it was said would probably be followed by further reductions in federal reserve rediscount rates, particularly in view of the high gold reserve held by these banks.

LIKELY TO HEAR OF MANY SICK PEOPLE

Washington, Oct. 31.—Beer for the sick will be made available immediately from stocks on hand in brewers' warehouses, it was said tonight at the treasury.

Discussing the question of whether beer manufactured before the issuance of the new regulations could be used for medical purposes, officials expressed the opinion that there was nothing to prevent its immediate sale as soon as the necessary permits were obtained.

Mr. and Mrs. Henry Taylor and family, Miss Lucile Plough, and Miss Ione Antle drove out to the country home of Mr. and Mrs. Clarence Taylor Sunday and spent the evening.

BIG HALLOWE'EN FESTIVAL SUCCESS

Hundreds of Masked Merrymakers Took Part in Big Parade—Many Varied Costumes Were Seen.

The big Halloween Festival held on the public square last evening was a great success. Hundreds of masqueraders stormed the square and followed behind the finest band that ever paraded our streets. The parade was so long that only a few feet separated the head of the column from the last stragglers.

First the throng of merry-makers gathered at the northwest corner and followed the band which marched up and down the west side of the square, to get the masqueraders into some sort of a line.

They finally straightened out on considerably and formed in a line on the north side while the band played several popular airs. Then to the rousing strains of "There'll Be a Hot Time in the Land."

Everything for Feet

Old Town Tonight, the parade got under way.

It was as replete with surprises and unexpected sights as a jungle panorama. Tremendously fat men hobnobbed with witches. Cowboys whooped and spurred their prancing steeds, clowns conversed intimately with colonial gentlemen and fairies. Creatures with out cause or reason were also to be seen. They belonged in a nameless category and no amount of inventive powers can name.

Dainty Pierettes and Pierots danced and made faces at fat farmers and grotesque goblins and ghosts. Maids from the south seas with grass skirts trotted beside old hoboos wrapped in their warmest. It was one of the gayest spectacles ever seen in Jacksonville and the men who made it possible cannot receive too much praise.

Unfortunately, it is impossible to announce the winners in the costume prizes. There are so many that it will probably be several days before they are all tallied correctly.

The work of the decorating committee with Fred Darr as chairman, did a great deal to enhance the spirit of the occasion. Stanley Wright and William Floeth were asked to head arrangements for the parade and music. Lloyd Reid and Arthur Taylor composed the dance committee. H. J. Smith, Louis Horen and Fletcher Hopper were appointed as a committee to arrange for the prizes.

The Halloween Festival committee submitted the following characters for masqueraders. A prize will be awarded the best makeup for each:

Policeman, Uncle Sam, Angels, Old Man Time, Old Man Gump, Min Gump, Chester Gump, Maggie Jiggs, Old Man Jiggs, Dinty Moore, Old Witch, Santa Claus, Gasoline Alley Walt, Ghost, Abe Lincoln, George Washington, Martha Washington, Charlie Chaplin, Harold Teen, Dutch Girl, Indian, Quaker, Clown, Boy Scout, Red Cross Nurse, Soldier, Best Old Farmer, Sailor, Happy Hooligan, Best Chinaman, Best Jap, Best Japanese, Country Maid, Scotchman, Gypsy, Harold Lloyd, Red Riding Hood, Jack Horner, Man Made Up as Woman, Lady Made Up as Man.

Event at M. E. Church Was Largely Attended—Dr. Lucas—Leaves for Chicago—Other Bluffs News.

Dr. Lucas left Friday for a short visit in Chicago and to accompany his wife and children home, who have been guests of her parents, Mr. and Mrs. J. A. Colling for the past two weeks in that city.

Misses Dorothy Griswold and Cleo Bergner gave a Halloween party at the school building Saturday afternoon for their pupils. The time was spent in games after which a Halloween luncheon was served. The little folk enjoyed the treat.

Mrs. B. F. Rockwood and daughter, Mrs. Maude Vannier, were Springfield visitors Sunday. Miss Marie Zanberg, Marie Fuson and Helen Fuson spent Sunday with M. L. Fuson and family. MUNDY GIVEN LIFE TERM ON GUILTY PLEA

Confessed to Heinous Crime on Scott County Farm—After Sentence by Judge Smith Defendant Was Spirited Away to Start Journey to Penitentiary

Winchester, Ill., Oct. 31.—After four jurors had been selected to try him for the murder of ten year old Beatrice Kincaid on her father's farm, near here, July 3, Edward Mundy, 37, confessed to night and was sentenced to Chester penitentiary for life. Mundy was a farm hand employed by the child's father.

Following his arrest the day the child's body was found in a water tank on the Kincaid farm Mundy signed a confession but later repudiated it. In his confession tonight he said he placed the body in the tank after assaulting and strangling the child.

Mundy was spirited out of Scott county immediately after the life sentence was imposed by Judge E. S. Smith.

It was understood that Sheriff Haskell started at once for Chester. In the proceedings today the prosecution was represented by State's Attorney L. A. Mehrhoff, assisted by J. M. Riggs. The defendant's attorney was Gerald Givinen of Springfield.

After the work of selecting the jury had proceeded until about 3 o'clock there were several conferences between the attorneys for the state and the defendant. Then it was made known that Mundy had decided to change his plea to guilty. The law was then explained to the defendant by the court and Mundy confessed his guilt. After a brief comment upon the seriousness of the crime Judge Smith imposed a life sentence. With Mundy in court were his mother, his sister, and uncle of Sangamon county.

There is very strong feeling against Mundy in this community and it was no doubt due to this fact that the authorities lost no time in starting the defendant on his journey to the penitentiary.

REPORT ACTIVITY IN IMPORTANT INDUSTRIES

WASHINGTON, Oct. 31.—Stimulated activity in important industries, resulting from rapid marketing of agricultural products during October, made noticeable the beginning of improvements throughout the country, the federal reserve board declared tonight in its monthly review of general business and financial conditions.

Higher prices realized by farmers for tobacco and cotton and heavy sales of cereals abroad the review asserted has brought them into market for purchases of seasonable goods with a corresponding benefit to trade in the producing regions.

"Some distinctly encouraging elements," are to be noted in the general business situation the review continued. The outlook in the textile industries was said to be better for while uncertainty of the future of cotton prices has led some textile manufacturers to hold off buying has been more pronounced during the past few weeks.

Except in a limited degree the view declared basic manufacturing and structural industries have not shown the influence of reviving demand, altho increases both in production and unfilled orders in iron and steel was regarded as "of first rate importance as marking the turn from the low point."

Prices have apparently attained a substantial degree of stability, the review stated adding that prices in general were in better relation to one another than at any time during the past 18 months.

Luch Suffering Caused by Waste Products in the Blood

That Science Knows About the Matter and How It Is Best Treated.

The blood is more important than any of the organs. It is the blood that the whole human body is directly or indirectly nourished. The blood gets its purification from the intestines, he intestines also contain waste products—undigested foods, acids, and refuse, which sometimes get in the blood.

When waste products get in the blood, nature will strive to cast them out. If your resistance is strong enough, nature will probably succeed. But if you are "run down," weak, run-down, and nervous, nature will begin to show signs of distress.

As a result, you will have that feeling of fatigue. You will lack the energy you need for the day's labors and pleasure. Minor ailments will begin to affect you—simple blackheads, and boils.

If the waste products are not gotten out of the blood at this point, it is possible a severe skin eruption or disease will be the

to show itself. It is not infrequent for waste products to settle in the muscles and joints and cause rheumatism.

Listen to nature's warning. Your blood is your fountain source of energy—therefore keep your blood rich and pure.

For over 50 years, thousands and thousands of men and women have relied on S. S. S. to clear their blood of waste products. S. S. S. will improve the quality of your blood by relieving you of the waste products which cause impoverished blood and its allied troubles—skin disorders, rheumatism and a lowered vitality.

Get S. S. S. at your druggist. Beware of substitutes. Write Chief Medical Director, Swift Specific Co., D-720 S. S. S. Laboratory, Atlanta, Ga. For special medical advice (without charge), write to him to read his booklet, "How to Keep the Blood"—free.

VISITOR FROM ARKANSAS

A. H. Deuwer of Waverly was in the city accompanied by his guest, G. A. Myers of Stuttgart, Arkansas. The latter gives an encouraging account of affairs in his state. He says the great enterprise now is good roads for which a large bond issue has been voted but owing to invidious publications in a New York paper the securities have found slow sale. A short time ago another New York paper sent a special messenger down there with instructions to travel all over the state and tell the truth.

He did so and a very different report was sent back. Mr. Myers says they have the largest peach orchard in the world most of the other fruits in abundance. It is the home of strawberries while cotton in the south part, and most kinds of grain all over are grown abundantly, while a large tract is profitably sown in rice. They need northern enterprise and capital and that they are attracting. Gov. Lowden has several thousand acres of which he speaks highly and has none for sale.

"THE AFFAIRS OF ANATOL" TALK OF THE COMMUNITY

Superb Paramount Production Scores Big Hit at Rialto—1036 Persons See Picture Monday—On Today and Tomorrow.

Unquestionably one of the greatest motion pictures produced in a decade is Cecil B. DeMille's tremendous Paramount production of "The Affairs of Anatol" which scored an emphatic hit at the Rialto theater yesterday. The picture, written by Jeanie Macpherson, and suggested by Arthur Schnitzler's celebrated play of the same name in which John Barrymore starred some years ago, marks an epoch in American screen production.

Interpreted by an all star cast including such screen celebrities as Wallace Reid, who has the leading male role, Gloria Swanson, a Paramount star who is seen as the leading woman, Elliott Dexter, Bobo Daniels, Monte Blue, Wanda Hawley, Theodore Roberts, Agnes Ayres, Theodore Kosloff, Polly Moran, Raymond Hatton and Julia Faye, this production stands on the highest plane of artistry thus far achieved by Mr. DeMille. The story is satirical and filled with humor as well as moments that thrill to the core. The sumptuousness of the production, its ornate settings and wonderful gowns, not to speak of the artistry of the various character portrayals, place this picture in a class by itself.

DIDN'T KNOW HIS BROTHER

"My brother got so bad with stomach and liver trouble that when I saw him after a year I didn't know him. He was emaciated and yellow as a pumpkin and was often in great pain. He couldn't have lived long the way he was going. Doctors and medicine gave him no relief. I picked up a little booklet on Mayr's Wonderful Remedy, which he said described his case perfectly. The first dose of it gave him great relief and in a month he was as good as ever." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince anyone. Refunded. For sale by all druggists.—Adv.

Women of Middle Age

THE critical stage of a woman's life usually comes between the years of 45 and 55, and is often beset with annoying symptoms such as nervousness irritability, melancholia, heat flashes which produce headache and dizziness, and a sense of suffocation. Guard your health carefully, for if this period be passed over safely, many years of perfect health may be enjoyed.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women through this crisis. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. It is prepared from medicinal roots and herbs, and contains no harmful drugs or narcotics. Its value is proven by many such letters as these:

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During Change of Life I was in bed for 18 months and had good care, but did not improve. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, which I did, and in a short time I felt better. That was five years ago, and now when I feel run down and nervous I take the Compound and it always does me good. I wish all women would try it during Change of Life, for I know it will do them good."—Mrs. A. KELLER, Afton, Tenn.

Thomas, Okla.—"I first used Lydia E. Pinkham's Vegetable Compound in my girlhood, and by the advice of a friend. At the age of 47 I was troubled with dizziness, hot flashes, and became very weak so that I was unable to do any work. I took Lydia E. Pinkham's Vegetable Compound with the result that I felt better and stronger than I have for years. I have also given it to my three daughters, and always with good results. The Vegetable Compound is certainly grand for the ills of women."—Mrs. J. G. SWARTY, Route B, Thomas, Okla.

BURNING LEAVES ON ASPHALT PAVEMENT

Superintendent of Streets White said yesterday that some residents had been burning leaves on asphalt and tarvia pavements. This is injurious to the surface and should be avoided. The material in these pavements is inflammable and the intense heat from the bonfires may cause them to burn. Even if they do not burn the heat will damage them and the present high cost of paving materials makes it necessary to take care of the good pavements.

Another thing that should be avoided in burning leaves in the street is to keep them away from the curbing. Much damage can be done to a concrete curb by heat and it also has bad effect on stone curbing.

ANNOUNCEMENT.

As the candidate for the Republican party for county commissioner selected at the recent convention, I will appreciate support given me at the polls, and if elected will fill the office to the best of my ability.

Hallowe'en Marked By Many Social Events

Thousands Were En Masque During the Evening—After the Parade the Merry Makers Attended Parties Thruout the City—Good Order Prevailed During the Evening

Hallowe'en was generally observed thruout the city Monday evening. Of course the two big events was the parade which took place on the square at 7 o'clock and the Elks ball. However, there were many parties in private homes and dances at Zahn's and the Peacock Inn.

Thousands were on the streets until the early hours of the morning. However, good order prevailed. The merry makers were in good humor and the police reported that little damage was done during the evening aside from the wrecking of a few fences and like depredations.

Hallowe'en Dance At Peacock Inn

Among the many dances in the city last evening, was one given in the ballroom of the Peacock Inn. The Darby-Brown orchestra furnished excellent music and a large number of couples were present during the evening.

Friends Surprise Miss Hurst

Miss Gladys Hurst was the victim of a pleasant surprise party given for her Saturday evening at her home on West Morgan street. The affair was planned by her mother, Mrs. John Hurst, and Charles Morris. Hallowe'en house decorations, games, Victrola music and delicious refreshments all combined to make a delightful evening. The guests were Misses Ellen Cruzan, Ruth Patterson, Pearl Hefflin, Effie Crabtree, Mrs. Crabtree, and Messrs. Everett Patterson, Clark Davis and Charles Morris.

Fay Children

Have Hallowe'en Supper

Little Billy and Bobby Fay entertained a few of their neighborhood playmates at a Hallowe'en supper party last evening at the home of their parents, Mr. and Mrs. W. A. Fay on West North street. The hours were from 5:30 to 7:30 and games and Hallowe'en stunts made a very merry affair. A delicious supper was served at six o'clock and the decorations of the dining room were in keeping with the Hallowe'en season.

Woman's College Holds Annual Masquerade

The annual Hallowe'en masquerade party at Illinois Woman's College was held last evening in the college gymnasium. Corn shocks, pumpkins, Jack o' lanterns and other of the season's touches had transfigured the gym into an enchanted setting for All Saints' eve. All of the college students and faculty members were en masque and the costumes were of all descriptions—pretty, funny, quaint and grotesque. The party was in charge of the Athletic Association and Miss Margaret Hamilton, as president, was at the head of the arrangements. A very clever program consisting of stunts given by each class and each college organization was given. Following the stunts dancing was the order of the events for the rest of the evening. Appropriate refreshments were served.

Clover Leaf Booster Club Has Masquerade

The Clover Leaf Booster Club room on East State street was the scene of a jolly masquerade party last evening. Hallowe'en decorations of all kinds and the fifty girls in costume made a most picturesque scene. The girls of the Collection Department had planned the entertainment and some clever games, stunts and dancing were on the program. Prizes were given to the girls who had the prettiest and funniest costumes. The fine refreshments, which were in keeping with the season, were in charge of the girls of the Policy Department. Miss Louise Strandberg as president of the Booster Club, was in charge of the affair.

Hallowe'en Dance at Hackett Home

One of the most delightful Hallowe'en dances in the city last evening was that given by Miss Maude Eva Hackett and John Hackett at their home on West State street. The home was festive for the occasion with Hallowe'en decorations of all kinds. Witches, ghosts and a gypsy fortune teller were among the features of the entertainment for the evening. Sixty guests had been invited and the hours from eight to twelve were taken up with dancing. Refreshments in keeping with the Hallowe'en season were served during the evening.

Entertained at Dinner Sunday

Mr. and Mrs. D. T. Litter entertained a number of relatives and friends at their home on North Main street Sunday at dinner in honor of Mr. Litter's birthday. The aged mother was also present, she being in her 86th birthday.

Entertain Young People

Mr. and Mrs. George Bennett of South Clay avenue entertained about twenty five young people at their home on South Clay avenue Friday evening in honor of their daughter, Margaret. Games, dancing and music furnished

amusement and a pleasant evening was enjoyed.

Pleasant Hour Club Met With Mrs. Anna Brown

The Pleasant Hour club met Monday afternoon with Mrs. Anna Brown of South East Street with a good attendance of members. The time was spent in playing Hallowe'en games and a social hour followed. The hostess served dainty refreshments. The next meeting will be held with Mrs. D. T. Heimlich on South East street, Wednesday, November 9.

Hallowe'en Party at Bergschneider Home

Mrs. Joseph G. Bergschneider gave a Hallowe'en party Sunday afternoon for her daughter Bernice. The house was attractively decorated with Jack o' lanterns, black cats and owls and fall flowers. Twenty four of her little friends were entertained with games and contests suitable for the occasion, prizes being won in these by Margaret Lukeman, Bernice Doyle and Virgil Lee Strawn. During the afternoon Fred Bergschneider was dressed up as a "ghost" to scare the little folks, which caused lots of excitement. Misses Agnes Bergschneider, and Gusse and Margaret Duffner assisted in entertaining.

Before the little guests departed, refreshments of ice cream, cake, candy and fruits were served.

CHARITY BALL WAS BRILLIANT EVENT

Annual Elks' Ball Was Attended by Many Members and Friends—Several Favor Dances Were Unique.

One of the most brilliant events of the fall season in Jacksonville, was the charity masquerade ball given last evening at the Elks' club on West Morgan street. The committee spared neither time nor money to make the affair the great success and brilliant function that it proved to be.

The setting for the ball was all that could be desired for real Hallowe'en atmosphere. Corn stalks formed a wall all around the ball room and Jack-o-lanterns, witches, colored lights and fantastic lamp shades, carried out the weird spirit of the eve of All Saints' day.

Dunlap's ten-piece orchestra, attired in the clever costumes of the clowns, furnished music from 9

until 1 o'clock. The program of dances included a grand march, in which over one hundred couples took part. The costumes of the guests were remarkable for their variety. Funny, grotesque, handsome, pretty and unique outfits, all found place in the motley array of Hallowe'en masquerades.

Confetti and serpentine ribbon was used and a number of attractive favor dances were on the program. Noise-making favors of all kinds were given away and one of the novel dances was the "Harvest Moon dance," when all lights were out and only the rays of a large "moon" lighted the ballroom. Refreshments of hot doughnuts and cider were served from the buffet.

The ball was given for the benefit of the Elks' Christmas tree for Jacksonville kiddies and the Elks' feel very well repaid for the efforts expended on the affair.

Harlan Williamson was the chairman of the general committee whose combined efforts made the ball a great success. The decorations were in charge of Ba-

sil Sorrells and Joe Roylean. Sherman Dorand had charge of the tickets and Cole Rowe arranged the favor dances. The committee included twenty Elks from Jacksonville and vicinity.

An exceptionally delightful feature of the ball was the Oriental dancer, Miss Owens, who favored the masqueraders with a charming dance.

At exactly the hour of eleven, the strokes of the clock were impressively counted and then the Elks toast was delivered by Paul Moriarity.

The prize for the most charming costume was given to Mrs. Turnbull. Harlan Williamson presented the prize, a large box of candy.
